What you'll be a part of:

At Pilgrims, we believe in creating a space of hope, dignity, and support, not only for people with life-limiting illnesses but for their families as well. Our locations in Canterbury, Ashford, and Thanet provide a wide range of services, from inpatient care to hospice at home and community programs—all focused on helping patients live well, no matter their diagnosis.

"I've never worked somewhere that is quite so lovely"

Far from being places of sadness, our hospices are places of life—where people can find joy in moments, no matter how small, surrounded by family, friends, and compassionate care teams. We don't just treat symptoms; we offer emotional, spiritual, and social support to ensure both patients and their families are uplifted. Whether it's through sharing laughter, enjoying a favourite activity, or simply making cherished memories, we aim to bring happiness to every day.

Being part of the Pilgrims team means that your role contributes to something much greater - helping create an environment where families find strength, comfort, and even happiness during difficult times. Whether you're working behind the scenes or on the front lines, every contribution plays a crucial part in enabling us to provide free, compassionate care to over 2,500 people each year.

The Role in One Paragraph

The Fashion Supervisor is responsible for driving income and brand appeal through a commercially led, fashion-focused charity shop. Working closely with the Retail Manager, the post holder will lead on fashion stock processing, visual merchandising, and trend-led presentation, while supporting volunteers to deliver excellent customer service.

With a strong interest in current fashion, vintage, and seasonal trends, the Fashion Supervisor will maximise sales through styling, premium stock identification, social media promotion, and an engaging customer experience — ensuring every sale supports the vital work of Pilgrims Hospices.

The Furniture & Homeware Supervisor plays a key role in maximising income through the effective presentation and sale of furniture, homeware, and lifestyle items. Working alongside the Retail Manager, the post holder will lead on furniture stock processing, merchandising, and safety while creating aspirational displays that inspire customers and increase sales.

With a strong interest in interiors, vintage, and home trends, the role combines commercial retail skills with charity impact — ensuring every item sold helps fund compassionate hospice care.

The Organisation

Pilgrims Hospices provide care and support for patients with life-limiting illness and their families.

As well as caring for their clinical needs, we support our patients to feel comfortable and happy, whether by spending time in our beautiful gardens, having pamper days, playing a board game with their loved ones, eating their favourite meal or whatever is special to them.
