What you'll be a part of:

At Pilgrims, we believe in creating a space of hope, dignity, and support, not only for people with life-limiting illnesses but for their families as well. Our locations in Canterbury, Ashford, and Thanet provide a wide range of services, from inpatient care to hospice at home and community programs—all focused on helping patients live well, no matter their diagnosis.

“I've never worked somewhere that is quite so lovely”

Far from being places of sadness, our hospices are places of life—where people can find joy in moments, no matter how small, surrounded by family, friends, and compassionate care teams. We don't just treat symptoms; we offer emotional, spiritual, and social support to ensure both patients and their families are uplifted. Whether it's through sharing laughter, enjoying a favourite activity, or simply making cherished memories, we aim to bring happiness to every day.

Being part of the Pilgrims team means that your role contributes to something much greater - helping create an environment where families find strength, comfort, and even happiness during difficult times. Whether you're working behind the scenes or on the front lines, every contribution plays a crucial part in enabling us to provide free, compassionate care to over 2,500 people each year.

The Role in One Paragraph

This is your opportunity to become part of a highly motivated team of both staff and volunteers. Responsible for the day to day running of the store. Supported by a fantastic highly experienced team of volunteers and Retail Supervisor, you will work hand in hand sharing the role of Store Manager. No two days are the same – accepting donations, sorting and processing stock, merchandising and working to high standards on the shop floor. You'll have Sales and Gift Aid targets and will be jointly responsible for financial reporting.

We're committed to your professional development, offering continuous training and growth opportunities to ensure you're always expanding your skills. Every day in this role is unique, but what remains constant is the positive impact you'll make in a supportive, happy environment.

The Organisation

Pilgrims Hospices provide care and support for patients with life-limiting illness and their families.

As well as caring for their clinical needs, we support our patients to feel comfortable and happy, whether by spending time in our beautiful gardens, having pamper days, playing a board game with their loved ones, eating their favourite meal or whatever is special to them.
