What you'll be a part of:

At Pilgrims, we believe in creating a space of hope, dignity, and support, not only for people with life-limiting illnesses but for their families as well. Our locations in Canterbury, Ashford, and Thanet provide a wide range of services, from inpatient care to hospice at home and community programs—all focused on helping patients live well, no matter their diagnosis.

"I've never worked somewhere that is quite so lovely"

Far from being places of sadness, our hospices are places of life—where people can find joy in moments, no matter how small, surrounded by family, friends, and compassionate care teams. We don't just treat symptoms; we offer emotional, spiritual, and social support to ensure both patients and their families are uplifted. Whether it's through sharing laughter, enjoying a favourite activity, or simply making cherished memories, we aim to bring happiness to every day.

Being part of the Pilgrims team means that your role contributes to something much greater - helping create an environment where families find strength, comfort, and even happiness during difficult times. Whether you're working behind the scenes or on the front lines, every contribution plays a crucial part in enabling us to provide free, compassionate care to over 2,500 people each year.

The Role

Join us in a pivotal leadership role where your expertise will shape exceptional palliative care. As a Senior Ward Sister within our inpatient unit, you'll lead and inspire a dedicated team to deliver compassionate, person-centred care to patients and those important to them.

This is more than a ward leadership role - you'll influence service development, drive quality improvement, and champion a culture of excellence, safety and learning. With a strong focus on both clinical leadership and team development, you'll have the opportunity to mentor others, innovate, and contribute to the strategic direction of care across the organisation.

If you're an experienced nurse leader passionate about making every moment matter, this is your opportunity to make a real and lasting difference.

The Organisation

Pilgrims Hospices provide care and support for patients with life-limiting illness and their families.

As well as caring for their clinical needs, we support our patients to feel comfortable and happy, whether by spending time in our beautiful gardens, having pamper days, playing a board game with their loved ones, eating their favourite meal or whatever is special to them.

'At the hospice, there is a clear philosophy that when you've finished work, you've finished work- you're not expected to take work home with you. I'm so much happier'

Our Vision

“Of a community where people with a terminal illness and their family and friends are supported and empowered to live well in mind and body until the very last moment of their life”.

We recognise that our workforce is integral to the delivery of [our Vision](#) and our charitable aims. Pilgrims Hospices continues to create a highly skilled, motivated, engaged and healthy workforce by providing an environment where staff and volunteers feel highly motivated to perform their roles to a consistently high standard, and actively role model our charitable behaviours and values.

To achieve [our Vision](#), we have a shared set of values and behaviours that enable us to be the people and the charity that patients and their loved ones need us to be. They form [our CODE](#), which guides us in our daily working and decision making:

Compassionate We treat everyone with compassion and care

Open We communicate openly, honestly and effectively

Dynamic We are dynamic, improving and developing our service

Empowered We empower people to achieve their outcomes

'I've met some wonderful and kind people here; it is a lovely place to work and I have witnessed how much thought and respect is given to staff and volunteers alike with the 'Thank You' events and the 'Personal Best' programme to name a few'
